Message from the President

A few times over the past couple of years I have looked up old yearbooks to find the parents of St. Mike's students whom I taught thirty years ago at Henry Carr H.S. . It is common to hear such exclamations as "I can't believe my parents were ever that young!" Wow did hair ever look funny then!"

For outside viewers, old yearbooks are quaint historical artifacts. For us students and teachers who are in these pages, yearbooks are memories of happy and challenging times.

My prayer for you is that when you look at this book in the years to come you will see how God was leading you during your time at St. Mike's and how you have been loved and cared for since then.

God bless,

Fr. Joe Redican CSB
President

farewell Fr. Chui

It is with sadness and regret that St. Mike's had to say goodbye to Fr. Daniel Chui CSB at the end of the 2006-2007 school year. Fr. Chui has accepted an appointment to become the new pastor at Holy Rosary Church. We wish him the best and know that he will be an excellent pastor.

Fr. Chui leaves after 5 years at St. Mike's where he worked as Chaplain, teacher, and moderator of the Asian Club. As Chaplain, Fr. Chui worked hard to organize school liturgies, daily and homeroom masses, the Grade 12 retreat and much more. As teacher, Fr. Chui taught math and was always available for extra help. As moderator, Fr. Chui helped St. Mike's to be proud of the many contributions of our Asian students.

Fr. Chui is a caring, honest, intelligent member of the St. Michael's community and his rich spirit will be missed. May God continue to bless him in his ministry.

Fr. James Murphy

BLUE

TWISTER

HOME The first dance of the year was a great success hosting girls from schools across the GTA.

"LADIES MAN"
Brandon Sousa poses for a photo with some respectable young ladies.

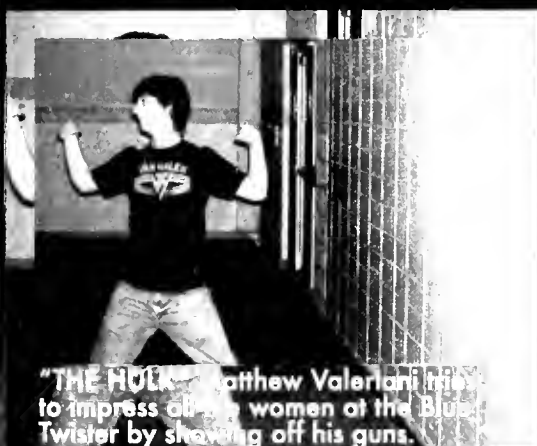

"CROWDED MUCH?"
The St. Mike's gym, converted to a dance floor, was packed from wall to wall.

"MONEY MONEY" Charles Lee and his friend enjoy a night of music and dancing.

"BEHIND THE SCENES" Mark Brousenko, member of the dance committee works behind the scenes making sure the dance runs smoothly.

"THE HULK" Matthew Valeriani tries to impress all the women at the Blue Twister by showing off his guns.

"AE" Mr. Pietkiewicz and Mr. [unclear] with [unclear] office who [unclear] the [unclear].

Plus [unclear] of the crowd of students.

St. Michael's College School's first dance was a great way to kick off the school year. Over 600 students packed our gymnasium for a night of partying,

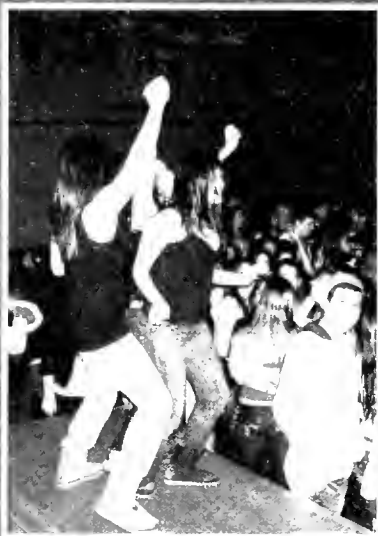

St. Mike's style. The dance was a great success and the place was rockin' all night long.

THE

BLUE

THUNDER

The second dance of the year, The Blue Thunder, was a great way to kick off March. One week before the March break everyone came out and was in a partying mood. The numbers of the second dance actually topped the roughly 600 students that attended the first and St. Mike's boys and their female guests had a great time.

2007 STUDENT GOVERNMENT

Mr. John Walsh
Moderator

St. Michael's Student Government plays an important and proud role in the school's Christian vision of life – a vision of character and direction. Student Government, the elected body of students under the direction of Mr. Walsh, carries the students beyond academic excellence by fostering this vision in the student body through a number of activities. Our Student Government offers all students the opportunity to experience the exhilaration of a compelling school purpose; a shared and unifying cause.

Since September the Student Government has been active in the school community and the greater community. Each of the events organized by the government aims to establish a sense of unity and pride within the school. The Student Government successfully ran two well-received dances: The Blue Twister and The Blue Thunder. The Student Government also reached out to the greater community through the two annual food drives and the Christmas in the Courtyard evening. The annual Thanksgiving food drive raised enough canned goods and donations to stock some of the city's homeless shelters well past Thanksgiving. In the spirit of Christmas, we ran the highly successful Christmas Food Drive. We supplied over 30 under-privileged families with complete Christmas boxes. These boxes included an entire Christmas meal – a turkey, potatoes, pop, canned goods and presents for the entire family. Also, St. Francis Table and Covenant House received enough donations to supply their guests with a home-cooked meal and presents for Christmas. The climax of community involvement was the sixth-annual Christmas in the Courtyard, where students, staff and members of the local community gathered for an evening of prayer, caroling and celebration.

The Student Government went on to promote school spirit by coordinating the Freeze Frame Contest. Students and staff were encouraged to capture the spirit of St. Michael's in this photo contest. Ending the year with the Crazy Shirt, Tie and Jacket Day and the Graduation formal (The Double Blue Ball), this year's Student Government reflects the spirit and energy of the student body. The Student Government would like to thank everyone for their contributions and support.

ACTIVITIES

ANIME CLUB

Throughout the school year, the Anime Club would meet to enjoy the gift of Anime and all it has to offer. The cheesy theme songs. The humorous dialogue. The vibrant animation. With Ms. Zakowski away for the year, Fr. Murphy took the reins as moderator. A great time was had by all.

ASIAN ASSOCIATION

This year, the Asian Association worked hard to promote Asian culture and cultural awareness. Through celebrating the Lunar New Year, competing in friendly soccer matches with the Slavic Club, volunteering at the Good Shepherd, and helping prepare the United Asian Club of St. Joseph's College School for their Multicultural Night, the association really has involved itself within the St. Michael's community and the downtown Toronto community in general. The association really hopes in the future to play a more active role around the school by promoting Asian Cultural Awareness month, which takes place every year during the month of May. This idea, along with the contributions the association has made to the school and surrounding area are all thanks to the efforts of Father Dan Chui. He will be missed as he will move on to be head pastor of Holy Rosary Church. The Asian Association sends its thanks and prayers to Father Chui and wishes him much success as he moves on to the next stage of his life.

ART CLUB

Every Thursday after school, students came to AS2 to relax, listen to music and create some really great art! The two main projects were pyrographing (wood burning designs) on wooden boxes and mini oil paintings.

Students could choose any subject matter they wanted and could work on it at their own pace. Some students had the opportunity to explore oil painting further by working on larger canvases.

Final pieces were displayed in the Annual Art Exhibit for all to admire. The Drama production "Something Funny Happened on the Way to the Forum" required an extensive set design which was painted by many members of the Art Club. The Art Club was a great success this year because of its great members!

BASILIAN VISITATION

While they may no longer be teaching formally at St. Michael's College School, many of the former teachers at St. Michael's are still communicating important lessons to the students of our school. During the Wednesdays of April, 11 SMCS students, along with Mr. Fischer, traveled to Anglin House at the University of St. Michael's College to visit with retired Basilian Fathers. Students had the opportunity to tour Anglin house and visit, with our beloved Basilian teachers, priests, and friends. Fr. Enright, Fr. Stokes, Fr. Volpe, Fr. Bud Cullen, Fr. Ron Cullen, Fr. Kennedy, and Fr. Kirley were among the fourteen priests who offered to visit with St. Michael's students, sharing their memories of school life and giving them insights on the priestly vocation and Basilian community life. Both students and Basilian enjoyed the camaraderie and fellowship of sharing the SMC tradition.

GRADE 7 & 8 CHALLENGE

The SMCS Challenge Award is a junior grade version of the secondary school Duke of Edinburgh Award. Students are expected to fulfill four components: volunteer work at SMCS; attending or participating in SMCS activities and or events; have a regular physical fitness regimen, and learn a new skill. A number of successful award recipients were unable to attend this photo shoot.

COMMUNITY OUTREACH PROGRAM

For the past several years St. Michael's students have been working in elementary schools located in needy areas of Toronto. This past year 48 students participated in the Outreach Program at Winchester Public School and Holy Rosary Elementary School where they tutored students in grades 3-7 every Monday after school for two hours. Classes focused on literacy skills, reading and writing, mathematics, and homework completion. St. Michael's tutors also used educational games like Pictionary, Scrabble, Chess, and Checkers to help students develop their thinking skills. In the 2006-2007 school year, St. Michael's students donated nearly 1000 hours to this valuable program. They are to be commended for generously sharing their academic gifts.

COMPUTER PROGRAMMING CLUB

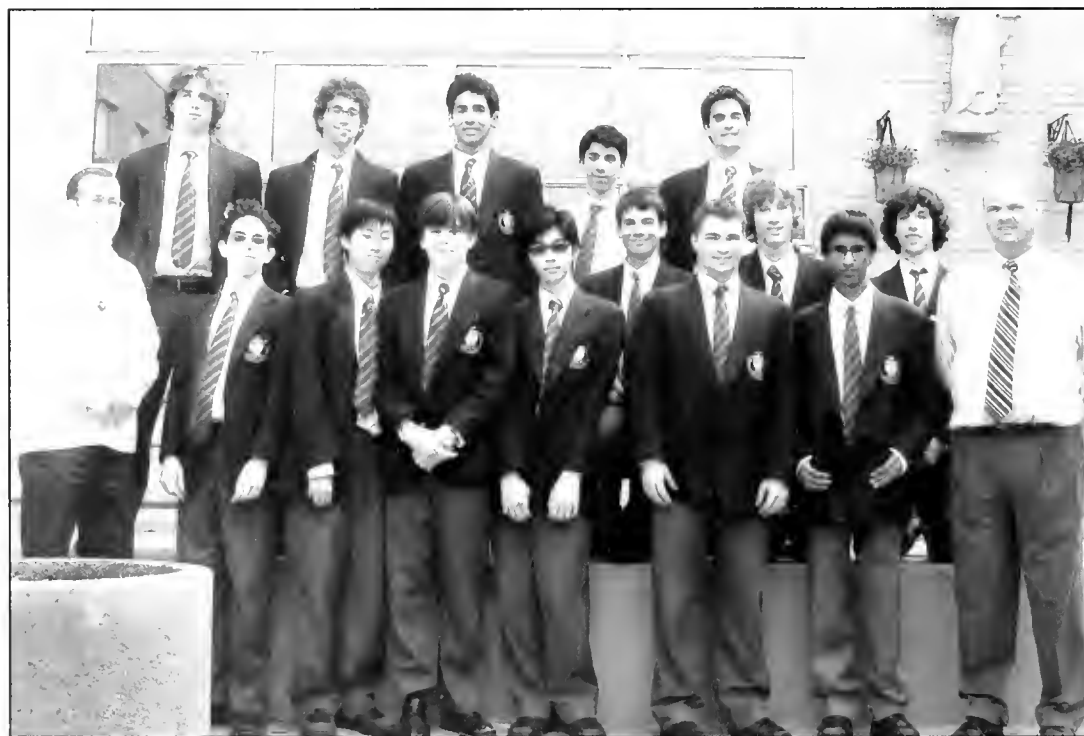

The SMC Computer Programming Club is engaged in programming contests, which take place during the course of the year. The club takes part in two main contests: the American Computer Science League (ACSL) and the Canadian Computer Competition (CCC) run by the University of Waterloo. This year's team came 23rd in North America in the intermediate division of ACSL. The highest scorer on the 2007 CCC was Sabatino Bianchi, this year's team captain.

Destination Imagination is a creative problem solving competition, in which students work in teams of 2 - 7 to solve challenges. These challenges include various combinations of the following four focus areas: theatre arts, improvisation, technical and mechanical design, and structural and architectural design. This is only the second year St. Michael's has participated in the program; yet St. Michael's was the most successful high school to compete in Canada, with teams placing first and third at the provincial competition and seventh at the global competition.

FRENCH CLUB

This year the French Club started off the year with viewing French films at school and a Halloween scavenger hunt on campus. At Christmas members indulged in a Buche de Noel while listening to French Christmas carols. Members enjoyed preparing crepes on Mardi Gras. The year ended off with the club's annual lunch chez Le Papillon. Anyone who is interested in having a taste of French culture is always 'bienvenu'.

LAW SOCIETY

This year the SMC Law Society entered the Ontario Charter Challenge. Their task was to develop a legal argument pertaining to the issue of searching students' lockers at school. After choosing to represent the student-appellant, the team developed a written argument. This factum was then chosen by a panel as the best Appellant Factum in Ontario. This honour gave our students the opportunity to argue the case in front of the Ontario Court of Appeal at historic Osgoode Hall. After hearing the oral arguments, the panel of judges, led by Ontario's Associate Chief Justice Dennis O'Connor (from the Walkerton Water and Maher Arar inquiries), decided the case in our favour and selected our team as the top advocates in the province. The team was made up of Ben Morse, Tyler Fata, Ranmal Perera and Tom Cameron. The staff moderators Mr. Lee and Mr. Mancuso are very proud of their team's accomplishments.

This honour marks the end of another successful year in the law program at St. Michael's, which included the second annual Appellate Advocacy Competition, trips to the Superior Court of Justice, Ontario Court of Appeal, the Centre of Forensic Sciences, and the Toronto Student Law Symposium. In addition, a new award has been donated to the school by alumni Justices Brown and Shaughnessy. This award will honour the student who best combines academic achievement with success in the advocacy programs and will be awarded at the graduation exercises in June. The 2007 recipient was Ben Morse.

LEADERSHIP

Back Row: Mr. Macdonald, Patrick Wilson, Justin Leung, Neil Mothieson, Nicholas Kwan, Chris Lund, Chris Paolini, Mot Sartari, Tim Kavanagh, Nicholas Smith, Marshall Gu, Aaron Crightan, Joseph Paolone, Igsung So, Jordan Yusufali, Ryan Fowler, Peter Giboc, Aaron De Souza, James Ahlin, Thomas Brandimarte, Ms. Slawikowski.

First Row (Left to Right): Mr. Bozzocchi, Joseph Marin, Paul Banks, Luca Carazza, Matthew Valenzono, Ronald D'Sauza, Daniele De Simone, Ian Lawson, Gianluca Mazzanti, Carla Trentadue, Michael Manning, Gabriel Rivela, Michael Bazzocchi, Lakmal Perera, Matthew De Vuno, Matthew Davis, Keith Lee, Andrew Valela, Justin Di Donata, Salah Rawdat.

The Leadership Program can be summed up in their Motto, "students helping students". The program provides students from grades 9-12 with the opportunity to bring forth their own initiatives to help other students in the community. With the guidance of some faculty members, these initiatives include, but are not limited to, fundraising activities and workshops presented to local elementary schools on a variety of topics from a distinctly Catholic perspective. Some examples of the topics covered are bullying, creativity, media and morality, and drug awareness. The leaders were also involved in the 30 Hour Famine with the Social Justice Club.

BLUE HERALD NEWSPAPER

This year has been an amazing one for the Blue Herald. A new staff, new ideas and a focused vision led to the creation of a renewed school newspaper. The Blue Herald continues to be a testament to the most creative and thought-provoking members of the St. Michael's College School Community.

This year, The Blue Herald continued in assisting in the building and strengthening of the school community by shedding light on the extraordinary nature of the ordinary events of everyday school life. The staff carries on a proud tradition of excellence in school journalism by making a voluntary commitment of their time and energy to this endeavour.

This year, The Blue Herald won some of the top journalistic awards in the entire city. In the Toronto Star High School Newspaper Awards, the Blue Herald captured "Top Sports Photography" (Grant Gonzales) and "Top Illustration" (Tra Kalousdian). In the Catholic Register High School Newspaper Awards, the Blue Herald competed with over 100 high schools across the province to capture the "third best newspaper in the province."

PHOTO/VIDEO CLUB

The function of the Photo Video Club at St. Michael's is to expose students to the techniques of still and video photography.

This is carried out in many venues, but the primary focus is on the sports program with a view to the presentation of clips from various competitions throughout the year. Accordingly, this provides the boys with the added dimension of image processing and editing, using sophisticated computer based programs. With such a rich and vast sports program at the school, there is no 'unemployment' problem in the club and the pace picks up considerably as we approach the Athletic Awards Banquet.

PREFECTS

The Prefects work for the St. Michael's College School community through their participation in various activities and functions where the members of the public have occasion to meet the student body such as Open Houses and Orientation. They also work within the school community at whatever tasks need doing, and at that, done well.

PUBLIC SPEAKING

The St. Michael's College Forensics Society has a proud and honourable tradition of oratory dating back to the earliest of days of St. Michael's 150 years ago. This year the club has represented St. Michael's in numerous tournaments sponsored by the Royal Canadian Legion, The Optimist Club, The Odd Fellows, and the North American Muslim Federation. Grant Flagler came first in the Province of Ontario in the Optimist Club Oratorical Contest after placing first in the York Country and Regional Finals. Thus, he was awarded a several thousand dollar scholarship to the university of his choice. Peter Sweeney and Grant Flagler also placed first in the Senior and Junior Divisions of the Royal Canadian Legion Oratorical Finals for York Country. MVP's in the Senior Division would be Peter Sweeney and in the Junior Division would be Grant Flagler.

GRADE 7/8 TRIVIA TEAM

The Trivia Team consisted of Grade 7 and 8 students who tested their knowledge of facts that run the gamut from History, Geography, Religion, Math, Sports, and Pop-culture. The many in-school competitions culminated in a one-day tournament where the team valiantly represented St. Michael's in competition against other independent schools.

ROBOTICS

Robotics Club Junior level for grades 7 and 8 is part of the FIRST Robotics competition called FIRST LEGO League. Our team "2432" did very well this year, placing first in the qualifying tournament at Cresent School and 3rd at provincials in Oakville. Against all odds team "2432" did very well and it was so far the best year ever.

SOCIAL JUSTICE CLUB

This year the Social Justice Club organized several events to benefit charities such as Out of the Cold, World Vision, the Chi-Ki Children's Foundation and Homeless Shelters in Toronto. The club continues to sponsor Henry—a young boy in Uganda. In December we held a successful Clothing and Goods drive—computers as well as clothes were donated to local homeless shelters. Through raffle ticket sales students raised in excess of \$2,000 for Out of the Cold—a program which provides accommodations for the homeless. In May students organized a Mother's Day Gift sale also to benefit Out of the Cold. Two student delegates had an opportunity to attend a Social Justice and Responsibility Symposium at Humber College featuring Dr. Samantha Nutt, founder and executive director of War Child Canada—a non profit organization which helps to raise awareness and support of war affected children. Many students from the club participated in the 30 Hour Famine to benefit World Vision. The club thanks Andy Nicholson, the MVP, as well as all members for their hard work and commitment to social justice.

THE BLUE CHIP STOCK MARKET CLUB

The Blue Chips Stock Market Club once again had an exciting, action packed year. Using the most advanced software available, they were able to trade stocks from the NYSE and NASDAQ markets in real time over the internet. The many members started each with one hundred thousand dollars of virtual money. Each did their best to maximize their profit margins while at the same time espousing the Catholic value system held by St. Michael's community. Between October 2006 and May 2007, millions of virtual dollars were eagerly made and painfully lost. Austin Charles finished first, with an astounding return of over 200%. This past year members had the very exciting opportunity to learn about how the stock market functions from a floor manager and professional speaker from the New York Stock Exchange.

WRITER'S CRAFT

The Writer's Club is open to all students of St. Michael's. It offers its members an opportunity to explore their creative impulses and express them in the written word. Student's write original pieces in various genres including poems, short stories, and non-fiction reports. An original and creative piece of drama highlights the achievements of the club.

JUNIOR MATH CLUB

From the months of September to February, lunch periods on Day 1 in Room 122 were buzzing with radical math activity. With the help of teacher-moderators, Mr. Vella and Mrs. Dankowycz, dedicated members of the Junior Math Club met on a weekly basis to work on challenging math problems in preparation for the Pascal and Cayley contests which took place in February of 2007. Each member of the club distinguished himself with a certificate of distinction (Mathieu Birtles, Patrick Colangelo, Keith Lee, Humbert Sin) or a math contest school medal (Scott Kim, Andrew Nestico, and Insung So). Although the Waterloo math contests are open to all students, the members of the Junior Math Club found the weekly meetings of the mathematical minds invaluable and directly proportional to their success on the contests!

SENIOR MATH CLUB

The math club prides itself on solving problems — not causing them. The club meets after school to solve challenging mathematical problems that would not be encountered in the Ontario Curriculum. We hope that this work will better prepare students to excel in mathematics whether on tests, entrance exams or contests. This year's contests highlights are as follows:

Canadian Open Mathematics Competition (UofW)

1. Andrew Corso
2. Charles Lee
3. Sabatino Binchi

Euclid Math Contest (UofW)

1. Andrew Corso
2. Michaels Bakoic
3. Sabatino Bianchi

American Mathematics Competition (AMC-12)

1. Charles Lee
2. Andrew Corso
3. Philip Sochan

Congratulations to all top scoring students, and to the many students who took part in this years senior math club.

mission trip

For the past six years students from St. Michael's have been spending their March break helping out at the Basilian run mission in St. Lucia. The mission started fourteen years ago and serves the local people in a variety of ways. The two lay missionaries and a Basilian priest operate the local parish, provide material goods for those in need, and help train the local people for jobs. The mission trip is a unique opportunity for students to experience how others live in difficult and trying circumstances. It is also an opportunity to put their faith into action and to develop their own spiritual life. As a result, many students begin to appreciate their many blessings and begin to mature in their faith.

Fashion show

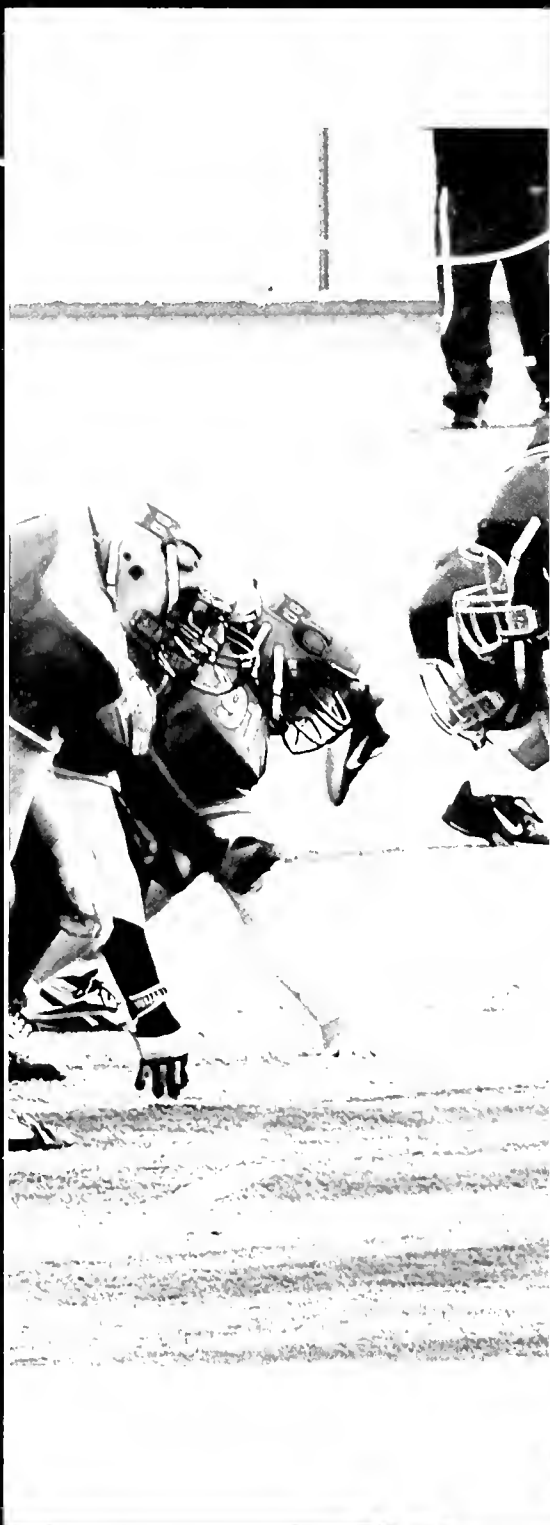

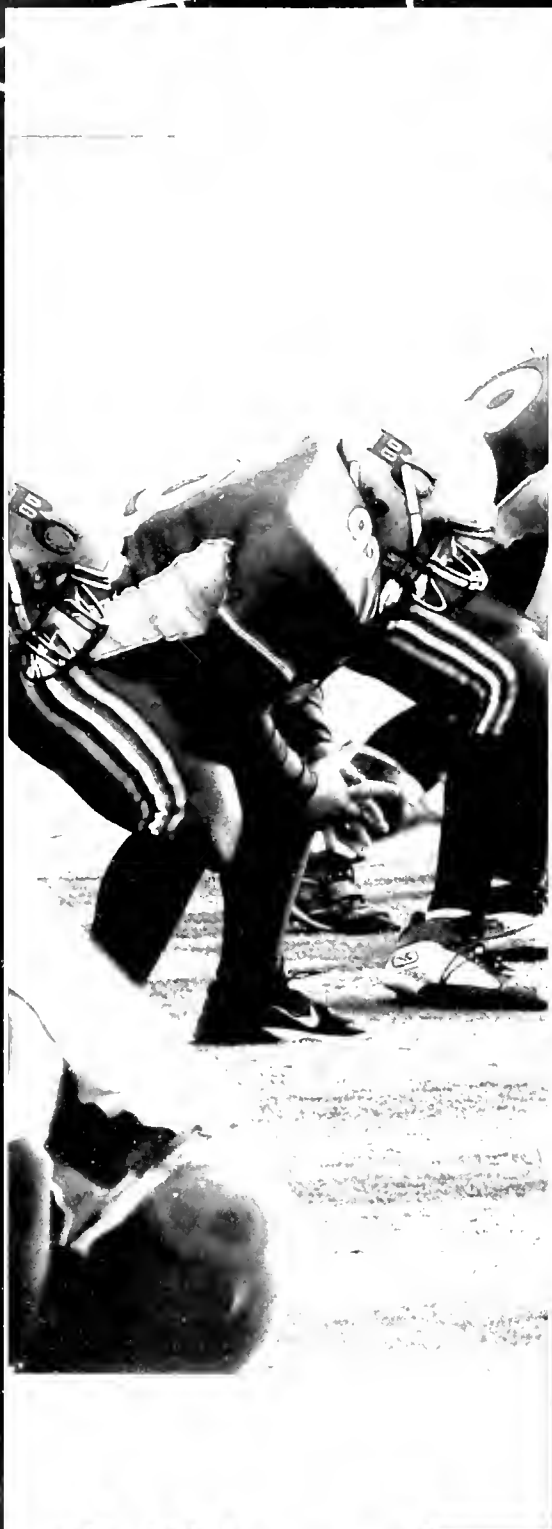

This years fashion show presented by the St. Michael's College School Parents' Association was the 23rd instalment of the Annual Fashion Show, "Champagne Wishes and Fashion Dreams". It was nothing but a complete success. On Sunday, October 22 many St. Michael's students joined professional models to present the latest trends in the fashion industry along with the clothes sold in the schools book store, the Mporium. An afternoon of wonderful entertainment, shopping, fine food, and fashion was enjoyed by all.

ARCHERY

The St. Michael's Archery Team is currently the holders of the Gold Medals as the best Olympic Archery Team in Ontario as determined by the OFSAA Provincial Championships held in May of 2007. The team practices almost daily during lunch hours and after school. Moreover, it has arranged for the coaches of the Canadian Olympic Archery Team to conduct an archery workshop in our school gym each Monday evening. The team also host's the Father Mulcahy Memorial Archery Tournament each year to honor the memory of the founder of archery at St. Michael's. This year over 100 students representing 12 secondary schools competed in the tournament. Our team won the right to compete in the Olympic and Standard Divisions in the Ontario Provincial Archery Finals the year.

JUNIOR BADMINTON

The team lost only one game during the regular season and finished second to Crescent in the standings. At the CISAA Tournament, Anthony Ho and Carter Bennett won silver in second and third singles. The team finished fourth, six points out of second at CISAA.

The team MVP is John Glynn. John played first singles all year leading the team to its second place finish and paired with Anthony Ho in doubles at the open OFSAA qualifier to win five matches before being ousted by our own first doubles team. Congratulations boys!

Back Row: Mr. Arseneau, Carter Bennett, Ernesto Valente, Eric Stronach, Ben Ho, John Glynn, Mr. Leung, Mr. Coghler

SENIOR BADMINTON

The team struggled during the regular season but worked hard to improve. At the CISSAA Championship Andrew Rowland and Rue Teow won gold in first doubles while our second doubles team of Nicholas Kwan and Christian Poole won silver. The MVP is Andrew Rowland. Andrew won 7 of 10 league matches, missed going to OFSSAA by 2 points in the third set after winning five matches at the OFSSAA qualifier and won gold at CISSAA. Congratulations guys!

BASEBALL

The Senior Baseball Blues won their 3rd straight CISSA Championship with a 7-6 come from behind victory over Buffalo Nichols. The team was ranked at number 3 in the GTA for most of the season. The Blues were Regional Semi-finalists in the OFSAA tournament. Congratulations to Toronto Star All-Star and team MVP Sean Pisarski.

JUNIOR BASKETBALL

A young Junior Blue Raider squad had a good year in a competitive CISAA Tier 1 league. They finished in first place in league play and fell just short in the Championship game losing a close one to UCC. Highlights include a bronze medal at the 32 team Hoops for Hope Classic in Belleville and a fourth place finish in the Bear Creek Invitational.

JUNIOR FOOTBALL

With only four returning players, this marked another rebuilding season for the Under-14 Double Blues. Despite this, strong veteran leadership and a cast of talented newcomers led the team to another undefeated regular season and first place finish. Highlights of the year included another undefeated SAC Invitational tournament and a thrilling win over arch-rivals UCC in the opening event of Hockey Day in Canada. Unfortunately, lady luck was not with the team in the championship final and they lost a tough 4-3 battle.

The 2006 Senior Football Season was a rebuilding season. After losing in the 2005 CISAA semi final versus St. Andrew's College, the Kerry Blues were intent on recapturing the championship trophy. After finishing the regular season with a perfect 6-0 record, the Kerry Blues defeated the Villanova Knights in semi-final action to move onto the CISAA finals where they narrowly defeated the St.

Andrew's Saints by a score of 13-3. This victory qualified them for the Metro Bowl playoffs where they defeated the Bear Creek Kodiaks and the Richview Saints to put the team in their 7th Metro Bowl appearance versus

the defending champions from Pickering High School. Playing at the Rogers Centre, the Kerry Blues played an almost flawless game to defeat Pickering by a score of 18 - 0 and captured its fifth Metro Bowl title since the tournament began. According to the coaches, this was by far the "most satisfying" victory of the five.

VARSEITY LACROSSE

With a very young team, the Varsity Blue Gaels had a successful 2007 campaign. They compiled a 5-3 division record on route to a CISAA Silver Medal. Outside of CISAA, the Blue Gaels were very strong with a 6-1 record including a consolation win at the Brampton Centennial Tournament. In June, the Blue Gaels make their way to the first ever OFSAA Lacrosse Championships held in Aurora. After a tough 2nd round loss to the eventual champions, the team rebounded to finish a respectable 7th in the province. With only a handful of players graduating the Blue Gaels future is bright.

U-14 SOCCER

The Under 14 SMCS soccer team enjoyed a fairly successful season. They were unbeaten during the regular season with a record of 3 wins and 3 ties. The team showed a lot of character and determination throughout the season, especially in one game when they came back from a four nothing deficit to tie UCC 4 to 4. The team advanced to the CISAA Semi-final championship and lost a close game 2 to 1 to first place West Division finishers Hillfield Strathallan.

JUNIOR SOCCER

The SMCS Junior Azzurri soccer squad struck with force in the 2006-2007 CISAA division. As a result of excellence in the areas of skill, communication, and teamwork, the Azzurri were able to win all of their regular season games, with the exception of one tie. They dominated the opposition with a clean 5-0 win in the semi-finals and a 2-0 win in the CISAA final against Crescent School. Coaches Mr. Pulla and Mr. Pagano have deservingly awarded the SMCS Junior Soccer MVP Award to Kyle Macauley, a new Grade 10 student to the school. The coaches look forward to the formation of the 2007-2008 Junior Azzurri Team and thank all of the athletes for their talented contributions to the team.

SENIOR SOCCER

The Senior Azzurri enjoyed another winning season finishing in second. Despite losing to UCC in the final, the team spent the winter and spring in preparation for OFSAA. The team won two indoor tournaments including the inaugural SMCS Invitational and placed second in a spring tournament in Bethany West Virginia. The Azzurri benefited from their experience at OFSAA and returning players hope to use that experience in the new season.

Back Row: Mr. Romano, Angelo Addeo, Ian Meagher, Daniel Grbac, Michael Cambareri, Daniel Baxa, Anthony Kimlin, Andrew Coronas, Alex Taccionelli, Joe Luca, Kristian Sistilli, Mandarano, Eric Blondal, Michael Ventura (Manager), Mr. Corrente

TENNIS

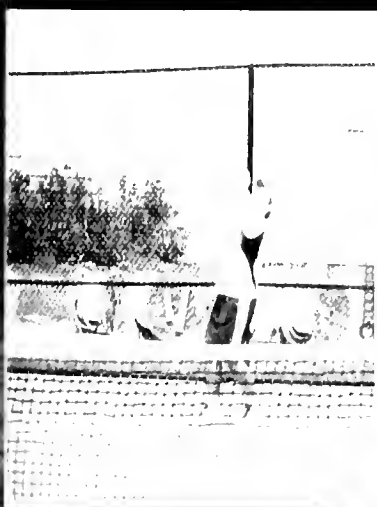

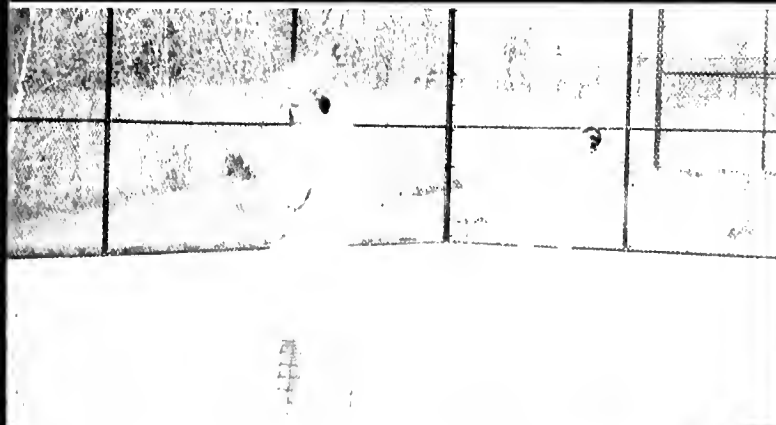

A record level of interest and commitment to tennis this season made for an 18 member team roster. Playing against the best tennis players in Southern Ontario, the SMCS Tennis Team was solid against Trinity, Lakefield, Bayview Glen, UCC, and Crescent. Season highlights include 3 silver medals by doubles teams in the University of Toronto Open Tournaments for Junior and Senior players. MVP: Gianmarco Fabiano

U-14 TRACK & FIELD

The Under 13 and under 14 track and field teams enjoyed a tremendous season. Each of the teams won their respective divisions and brought home before CISSA Championships for the first time. It is a phenomenal accomplishment for the school to win both divisions, especially when there are over thirty schools from the GTA and outside the GTA competing. The coaches - Mr. Giancola, Mr. Pasquali, and Mr. Pulla - would like to commend the teams for their hard work and excellent attitude at practices and at the 5 meets. Congratulations on a great season!

TRACK & FIELD

This year's track and field team continued in the long standing St. Michael's tradition of dominance by capturing the Midget, Junior and Senior Team titles. They also won the overall boys title by over 400 points marking the 25th consecutive Overall Boys league championship (including 22 TDCAA titles).

The team went on to capture the Metro Track and Field Overall Boys title and the Junior Metro team title. A total of 23 athletes qualified to compete at the OFSAA Championships in Ottawa.

SENIOR VOLLEYBALL

Starting out the season with a couple of disappointing tournaments at Unionville and York University, the Strikers quickly turned things around this year. The team hit their stride finishing 4th in the 28 teams, U of T tournament, followed by a first place finish in the Ontario All Catholics Tournament. They were undefeated in CISAA action, a perfect 8 and 0 in regular season on their way to capturing their 3rd championship in the last four years. Not only were they undefeated, they managed not to drop a set all season, both in regular season action and in the playoffs. The season came to an end as the team traveled to Barrie for the "AAAA" OFSAA championships where the team would be edged out of the winners bracket by 2 points in pool play. They would go on to represent their school very well as they made it all the way to the consolation finals, the highest finish for the team in recent history.

The annual Art Show was held during the ARTSWEEK celebration from May 7th-11th in the Lecture Hall. This event was a wonderful opportunity for the SMCS community and families to view all of the projects and assignments created by our own Visual Arts students from grades 7-12. Artwork included 2-D drawings in pencil, conte, marker, prismacolor, oil and chalk pastel, computer graphics and 3-D projects in clay, plaster, wood and metal. Grade 7 students created fantastic reproductions of the famous Group of Seven landscape paintings in acrylic paint. Grade 9's included their "mini-car" reproductions in ceramic. Grade 10's displayed comical famous people caricatures, conte hand drawings and landscape paintings. The grade 11's displayed their large architectural foam core models of famous buildings and their "Impostor" oil paintings of famous artworks. Grade 12 students were given a full "door" on which they displayed a collection of their best work. Several senior students had their university entrance portfolios on display for all to admire. Well-done gentlemen!

THE ART DEPARTMENT VISITS new y♥rk

During the last week of March, the grade 12 Visual Arts students had the opportunity to visit New York with the accompaniment of Mrs. Pignetti, Mr. Viola, and Mr. Tessaro. This was the second year the Art Department organized this enlightening trip. During the trip students visited the Empire States Building, the Statue of Liberty, Central Park, St. Patrick's Cathedral, the Trump Towers, and Ground Zero. Past Art History lessons once again came to life when the students visited the famous Museum of Modern Art (MoMA) and the Guggenheim. Students also had

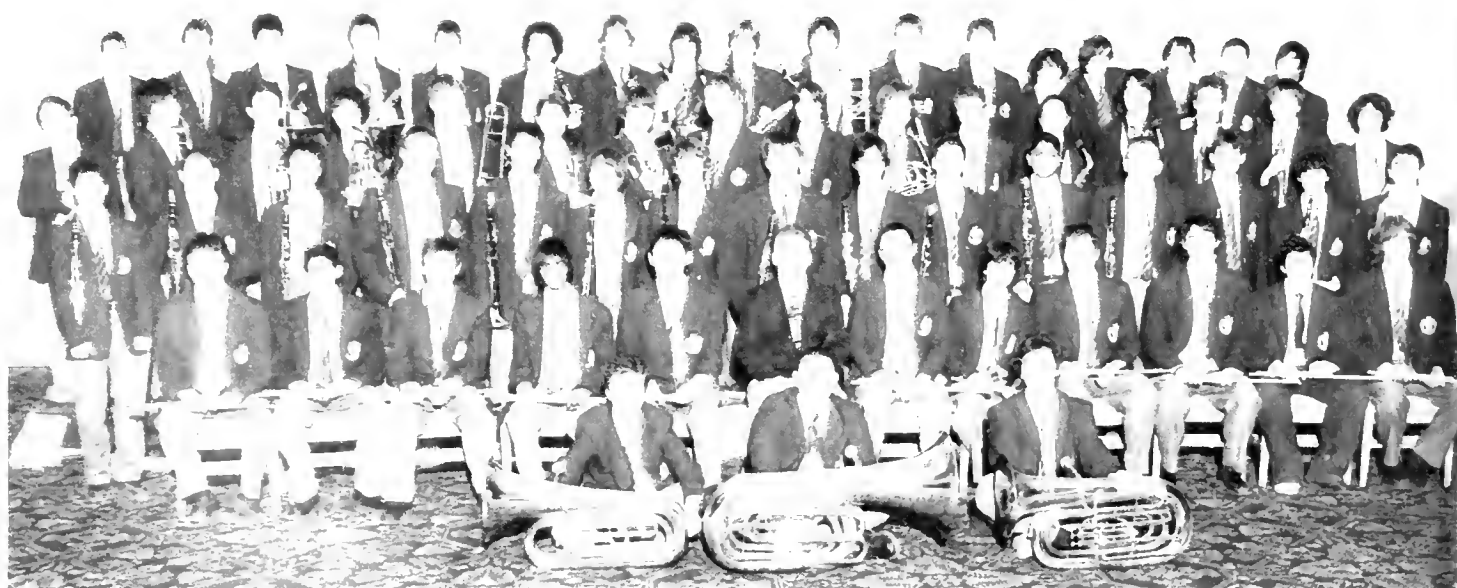

the opportunity to shop for knockoffs on the famous Canal Street. Finally, the trip would not have been complete without a tour of Madame Tussaud's Wax Museum and an off-Broadway show called "Altar Boyz". The trip was yet again a great success!

In the 2006-2007 school year the SMCS Drumline performed at school sporting events including football, basketball, and Buzzer Games. The Drumline also performed at the Metrobowl, the Novi Michigan Drumline Show, the Beaches Easter Parade, the North York Harvest Festival Parade, and the St. Michael's Day of Percussion. The 2006-2007 year also marked the beginning of the SMCS Junior Drumline.

A Funny Thing Happened on the Way to the Forum

Inspired by the farces of the ancient Roman playwright Plautus (251-183 B.C.), "A Funny Thing Happened on the Way to the Forum" tells the bawdy story of a slave named Pseudolus and his attempts to win his freedom by helping his young master woo the girl next door. The plot displays many classic elements of farce, including puns, a two-tiered set with many doors, cases of mistaken identity (frequently involving characters disguising themselves as one another), and satirical comments on social class.

FRANCESCO
EDITOR/LAYOUT

This is where it all happened Toronto, Ontario....HAI WOW! What can I say? It has been four years since I have been on the Yearbook Committee and it feels like it has flown by so quickly. This year I finally got the chance to take the whole production into my own hands and actually experience the responsibilities of a yearbook editor. Although set back for many reasons, I am very pleased with the outcome of the book. I couldn't end this quote without thanking those who have helped me along the way: from Tano with his inspirational dances, to Curtis' exciting youtube videos, to David's bagging, to Paolo's medical license, to Alex's huge Loblaws lunches, to Grants occasional visits, and finally to Shawna's ultimatums. I would also like to thank the so-called "unsung heroes" of the yearbook: our mothers. Thank you Stella, Lucie, Tanja, Merlina, Vincenza and last but not least IDA. Without you guys we wouldn't have our lunches, our rides to school and the "warnings" to finish the yearbook.

Finally, I hope you all enjoy this yearbook and the the countless memories preserved within it.

PAOLO
EDITOR IN TRAINING

Hello to all of my fans in the school, I would like to thank you all for your support in bringing together this yearbook. Another year has gone by and as expected another incredibly eventful and hilarious year. I'd like to thank Tano, Curtis, and Alex for joining this year. I think the combination of all of us mixed together made this year so fun! I know for a fact that the memories from the time we spent together in the Yearbook Office will never be forgotten, because let's face it, we were all incredibly close to heart-failure from all the laughing! I can't even begin to recall everything we did together; all I know was that it was too funny! Shawna, your elegance and wonderful yearbook direction has been top notch this year (not that I was expecting anything less). Dave I guess you did alright 'shadowing' Fran while attempting to learn how to make one of these things. Fran your creepy and intense look will never be forgotten in my mind. Kidding aside, if it wasn't for you, we probably won't have a book right now. In contrary to popular belief we put a lot of hard work into making this yearbook (by 'we' I don't mean: Dave, Tano, Curtis, and Alex).

Cheers to another on-time yearbook!

DAVID
EDITOR IN TRAINING

What makes a school experience truly special isn't necessarily what happens within the confines of a classroom, but what takes place outside it, either on the field, in the gym, or on the ice. In my case, joining the Yearbook and being a part of the '06-'07 YB team was what made my year fly by and be filled with countless memories that I will truly cherish forever. Being in that office with Francesco, Paolo, Tano, Alex, and Curtis (and the occasional visits of the Student Government's Brandon and Jon) guaranteed that hilarity would ensue at almost every moment. So many memories to list, but these are the ones that stand out: god warrior, chicken noodle soup, bags (and the act of bagging), 4A and after school hostage situations, nannies, Akita and sushi, missions in the summer, wizard sleeve, second cup, the hills/laguna, pop lock and drop it, darkness, "I'm swamped", and the list goes on and on. I wanted to thank Shawna for all her guidance and harassment, and thanks guys for one of the most fun and amazing school years I will ever have!

to not know the right words to describe this yearbook crew, BUT, if I were to try, I guess I would say really really...really ridiculously goodlooking! Seriously though, I've never had more fun in the yearbook office in my life, even though this year was my first time there. The point that I am trying to make is that it doesn't matter what you're doing in life, what matters is how much you can get away with. The truth about yearbook is that whoever is involved, no matter what, will never finish this book on time. Frankly I believe that it is impossible and I truly think that the yearbook office is cursed...nay...BLESSED, with the most sadistic yet friendly humour ever heard. I did so many jobs for the yearbook this year that it would be too great a challenge for me to remind you of them here, but instead, I will thank the amazing people that made this yearbook a success. The following people were in some way involved with helping this yearbook being created, some did more work than others, no need to point that out...they are; Francesco Cammisia, Tano De Luca, David Demedici, Grant Gonzales, Alex Grella, Shawna King and the Latina Princess...Paolo Pusateri! I've ever laughed harder in my life then when I'm in that room and of course, I will never forget the most important person in that room, more important than all the editors and photographers put together...no one other than....PAGINA BIANCHI! Thank you, I shall never forget my senior year at St. Mike's and the yearbook will definitely be one of the reasons, I assume.

CURTIS

Four years is up... wait this is already starting to sound like my grad quote, except I did not pay a buck/e bucks. Anyways, four years is up and I have been involved with four yearbooks, in one way or another.

This year was the busiest, especially taking all those group photos after school before heading to work for the good government. And now as I leave St. Mike's, I would like to take this very opportune moment to apologize to the school. The camera I have used (and not lost) for the last three years is pretty much a rack. I doubt Fr. Zorzi envisioned this to be the fate of the camera but I'm sure Mr. De Pellegrin was all but biting for it to degrade. I'd like to pay tribute to Shawna King, Fr. Zorzi, Fr. Redican, Mr. De Pellegrin, Andrew Birgiolas, Tom Cattana, The Cammisia Brothers, Michael Ceci, Alex Daros, Alex Grella, Tano De Luca, David De Medicis, Curtis Platt, Paolo Pusateri, and Joe Zentil for all their hard work over the last four years.

This is one crazy bunch of people, but I guess you would need that for a St. Michael's yearbook club.

GRANT
HEAD PHOTOGRAPHER

This is my first year at The Tower, so it will be my first published yearbook ever. During my years at St. Mike's I debated whether or not to join The Tower and finally in my last year I made the right choice. My tasks for the year were dealing with photos being emplaced within this book. Whether it was taking pictures, scanning old grad photos or editing pictures, the year's worth of work has kept me busy. As each year passes it is our job to make sure each yearbook is better than the last. However, it was easy to get distracted with all the friends I have made through this year in the office. I would like to thank Francesco, Tano, Curtis, David, Grant and of course Paolo for all the lunches, spares and after school meetings filled with good times of drama, pranks, jokes, dance-off's and all the other great memories.

GRADUATION

valedictorian address

GRADUATION

about two weeks ago, I was presented with the most difficult task in my 14 years as a student. In approximately 5 minutes of time, I was saddled with the duty to reminisce about the most unbelievable four years of 200 students' lives. A challenging task to say the least. After much thought, I questioned "What is the recipe for a great valedictorian speech?" It quickly dawned on me that our reliable friends at Loblaw's wouldn't have everything I was looking for. I thought, however, that our trusted friends at Google wouldn't be so dismissive. After hours of passionate searching, I failed to find anything that was remotely adequate for such a distinctive and unique group I have before me. So I did the only thing a self-respecting St. Michael's Man would do; I went to pray.

After a desperate prayer to St. Jude Thoddeus, patron saint of lost causes, I realized that I was no further in completing my speech than I was 10 days ago frantically searching in the aisles of Loblaw's. But, as we all know, God has a funny way of working.

Fortunately, I ran into a holy priest, as I exited the chapel who gave me some useful advice. He said, "Speak about what St. Michael's has meant to you." It was at that moment when I finally experienced my epiphany.

As I reminisce about our time at St. Mike's, one distinctive memory detaches itself from the rest, and it is from there which I drew my inspiration. At orientation, a symbolic experience for all students unaware of the full essence of St. Michael's, Father Fulton welcomed the privileged few with his inaugural speech. Amidst the continuous glares and scattered whispers from fellow peers wondering how a person my size is only in grade 7, and the hounding presence of coaches recruiting me to play football, I was very fortunate to hear his concluding words. I was bewildered at these words however, never fully understanding his meaning. He spoke not of a school but of a community, and left us with an expression that so adequately describes our time here, at St. Michael's, "Welcome home!"

It is difficult to find a more fitting word to describe our time here, "Home." This hollowed place bestowed us with shelter, a sense of belonging, unbridled love, infinite passion, and for the fortunate ones with first period spare, sleep. We are no longer adorned in tattered blue blazers or stained grey slacks. For years we walked these yellow brick halls as they became our home. They witnessed the pranks we got caught for and the few we got away with. They witnessed James Fozari's infamous, "Today's the night" speech and our sod attempt at a beach with only five bags of sand. They witnessed the good times and the bad.

The heart and soul of our home at St. Michael's can be found in the smiles and cheers of its student body. If one of us fails we all share the burden, and when one of us succeeds we all heed the celebration. This home has catalyzed our transition from scared and lonely boys overcome with fear and brimming with potential. As I proudly look at myself and my peers around me I no longer see little boys. I see distinctive men of character. I see athletes, musicians, and scholars. I see friends, mentors and leaders. I see valiant and confident St. Michael's Men.

"What is the true essence of a home?" I figured it must be more than a place that provides us with shelter, an endless supply of food, and the occasional nap.

After careful deliberation, I first recognized that the foundation of any home is deeply rooted in the essence of acceptance and support. It is this welcoming environment that allowed the men I see before me to flourish and each achieve a distinctive level of greatness. In this years graduating class, we witnessed this greatness through the actions of the entire student body. We witnessed OFSAA championships, Metrobowl victories, and intramural triumph. We witnessed thespians and musicians convert a simple stage into brilliant works of art. We witnessed students develop into leaders and leaders develop into teachers. We witnessed the inconceivable, we witnessed our peers develop into men. What amazes me more is how our home at St. Michael's enabled such diversity in this passion. In this year's graduating class, the star athlete and the gifted math student were one in the same person.

Another facet concerning the essence of home is its fertile environment for constant learning. At St. Mike's learning didn't just occur in the classroom from 8:00 to 2:30. In many respects, St. Mike's has behaved more than enough like a home. We should consider ourselves privileged as our education was not limited to the trappings of academia, as much was learned beyond these yellow bricks. We came to understand that education goes beyond these yellow bricks and comes through the experiences of the life we lived at our home. Our active involvement in extracurricular activities has enabled this graduating class to learn concepts that may escape English or Biology lessons such as the concept value of raw determination, value need for hard work, and the motivation to work strive towards excellence. And for this we have the tireless efforts of our teachers and coaches to thank. Although different for each man before me, my most meaningful lessons were learnt on the football field. This one vivid memory provides a glimpse of the truth I amsums up this sentiment speaking.

To fully appreciate the memory, the mood must first be set. It was 2 years ago as a group of young men who sacrificed their bodies that night just got called in for the post practice speech. It was the game before the Metrobowl and their coach, Mr. Ribarchraich, the man that these

ahead and mentally preparing us for the upcoming game. As these young group of boys, looked to the man they drew their inspiration from, their role model, their teacher, they witnessed from the shadows of his face a tear fall slowly from his cheek. His voice had lost his normal speech had taken an unexpected turn. It was then where he said the fateful words that these 50 young men will remember forever. "Boy, nothing or no-one deter you from rising above the rest". Although these boys were unaware that he gave up time to be with his sick father, that he could prepare to be with the team, we could feel the passion in his words. It was the same vigorous passion that every single man before me feels for our school today. Although it was only a football game, we learned a much greater lesson, a lesson that will influence us the rest of our lives.

Now it is not just a quality restricted to this particular memory – it's a common bond for the entire school-wide attitude. I can guarantee the truth of this statement because I see it every day. I see the lessons learned in the students who organized a trip to St. Lucia to help build homes for those devastated by poverty. I see the lessons learned through students that structured the 30 hour famine and community outreach program. The lessons learned are shown through every single one of you. These lessons illustrate that St. Mike's is more than just a school, it is our home.

The essence of a home also thrives upon guidance and direction, and this element must graciously be attributed to our figurative parents at St. Michael's, our teachers. It would be a grave injustice if I failed to attribute our success without your guiding presence. You are our mentors, leaders, spiritual advisors, but most importantly our friends. You sculpted us into something resembling respectable men – no easy feat. Your imprints can be seen our ideas, our achievements, and our triumphs. Our successes are direct results of your inspiration. Like any true friend you are there to catch us when we fall and guide us to excellence. We must not forget the dedication they've shown to us, or the lessons they have taught us. For you we have our sincerest gratitude and heartfelt thanks.

Our education at St. Michael's was complimented by our own home life, our parents. This day would not have been possible without your constant support and your unconditional guiding light, and our closest friends. With this opportunity, prodding us, and to see this day.

"Every one of the men sitting before me will achieve a level of greatness."

love. You are our pillar of strength, our We sincerely thank you for providing us believing in us, so that we could stand here

At this bittersweet celebration, we begin. And gentlemen, although,

of this: Every one of the men sitting before me will achieve a level of greatness. This greatness however, will transcend fame or wealth. It is the greatness that comes with rejecting evil and embracing the more moral of two outcomes; it is the greatness that comes with recognizing an intrinsic connection to all of humanity. It is the greatness that comes with a base desire to help your fellowman.

mark the closing of an era and a new the future brings uncertainty, I am certain

In fact, when I think of us leaving this place and into our new lives, I see a band of renaissance men, changing society. I envision us becoming leaders in the industry and entering the ranks with other St. Michael's legends such as Eugene Melnick, Red Kelly, and Daniel Lumsden. I envision men giving warmth to the lonely, because they feel a moral obligation to bring humanity to a higher level. Indeed, this class has already demonstrated it's dedicated to this pursuit. We need look no further than some of the institutions at this school that aim to do just this – Community Outreach Program, Good Sheppard Refuge, and Leadership.

20 years, when you stop your pursuit of world domination and take some time to re-evaluate your success, I implore you to examine not your material possessions but your morals, your backbone, your humanity. And if you have been true to your St. Mike's education this reality should give you great pleasure, greater than the fleeting satisfaction of a good test mark, a game winning goal, or a masterful musical performance, because though these things count, they are only what you do, not who you are.

It was with great emotional distress that I finally brought myself to craft this speech. As I wrote it, fighting back the tears, the surrealism of the past months had finally struck me; I was forever leaving a place that I loved. A place that welcomed our many triumphs and consoled us during our defeats. A place where friendships were made and eternal bonds of brotherhood strengthened. A place that taught us the true meaning of passion and integrity. However, through all this sorrow, I sought refuge in one truth. Our days at St. Michael's will never be forgotten. Our legacy will live in the souls of our peers, it will be heard, echoing through these yellow halls. Our presence is immortalized on the field and our whispers sounded on the ice. Our presence can be witnessed on the walls of the classrooms and identified in the cheers of the locker-room. There are very few things that can be guaranteed, but gentlemen, I will promise you this, the legacy of this graduating class will forever be remembered.

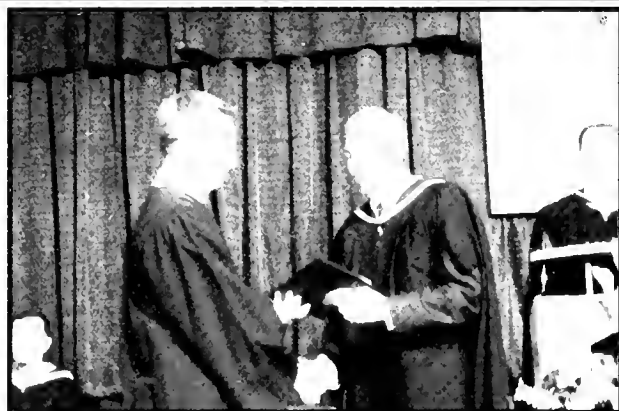

End this reflection as I began at St. Mike's: Here we are at home. Our home has taught us to be humble in our ways but proud in our achievements and above all it has taught us, through the pursuit of knowledge and submission to discipline, to be good above all else.

Now, as individuals, we have the power to move mountains, shape nations, and transform lives. It is our responsibility then, to take this power and give it purpose, dedicate it to a cause, and ultimately raise the level of humanity. And through this pursuit, we must never forget the lessons learned at St. Mike's. The values and ideals of this school are thoroughly entrenched in our character. I can confidently say that, blue blood runs through our veins, the "Hoikety Choik" is our anthem, and the Basilian motto of, "Goodness, discipline, and knowledge" is engraved in our hearts. Gentlemen, the school days of St Michael's has ended however, in its place remains, our "Home."

It's been great gents, Thanks for the memories.

Although it is hard to believe that my years at SMC are over, I would not have spent them any other way. Thanks are due to all the teachers who have endured my presence in their classrooms over the years and of course to my parents for their love and support.

MARIO ASTA

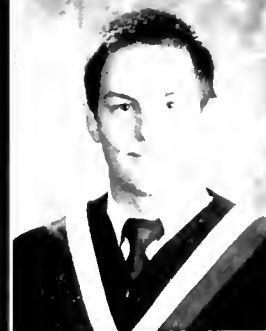

These past six years at St. Mike's have been most fulfilling and rewarding. My most memorable moments through these years have to be ... The Double Blue Mtnr Bowl Championship '04, Out of the Blue Semi '05, Homecoming '06, Another Mtnr Bowl Title '06, Cuba '07, Prom '09, and all the down time with the boys. My life ambition is to achieve my goals, be successful at what I do, and to live life to the fullest with no regrets. My shout-outs go to everyone who made these past 6 years unforgettable... MD, MC, JAZZ, PG, Dr. My Teachers: Nordquist,

De Piero, Di Leo, My Girlfriend, and of course my family who gave me the opportunity and who were always there for me. Now, after these six years, I am venturing off to a new stage of my life knowing that no matter where I go or what I do... I will always bleed the Double Blue!

In the end we are all separate: our stories, no matter how similar, come to a fork and diverge. We are drawn together because of our similarities, but our differences are what define us as the truest of friends. A happy ending is simply the result of where you choose to end your story; this is only the beginning. We must, my friends, to the end of a brutal episode. The times we shared, with friends no less, are limited to each moment. The memories, however, will last a lifetime.

MICHAEL BALDASSARRA

St. Michael's has enriched my life with "Goodness, Discipline and Knowledge." This is most certainly not the end of my six year journey, but the beginning of many new exciting opportunities. A special thanks to all those who have helped me along the way especially my parents, family, teachers, friends, and God.

When I reflect on the time spent here, I will remember the people. It was not the information, nor the color of these walls that will make this time memorable, but rather the people. Everyone loves my friends, to my parents, to my teachers and classmates made this time what it was. Whether it was the things we did, the time we spent or the stuff we lived through, I will remember it all.

After 4 years in the league it's all over. After going through the game and getting rattled a few times you come to appreciate all the beauties that came along for the ride. You could always count on the boys being there every step of the way no matter what. Early mornings, late nights, and endless days were part of it all. Nothing will ever compare to the experience of St. Mike's or the Buzzers. I want to thank my mom, dad and brother for their love and support and for giving me the opportunity to come to such an incredible school and become a St. Mike's man. As the season comes to a close I want to say "Boys, thanks for the memories."

How six years at St. Mike's? There are a lot of people I owe this to: experience to and my gratitude to beyond words. I'm most thankful for the good friends I've made here; you have become brothers to me. I'd like to thank my family for supporting me in all my endeavors. I'd also like to thank Mr. Telle for teaching me how to speak, as well as Mr. Byron and Mr. Barry for being such outstanding teachers. I've gotten a lot out of this school and I'd like to think I've given something back. I'll never forget the times I've had here, I come here a boy and am leaving a man and for that I will always be indebted to the school.

FRANCESCO CAMMISA

Six short years have gone by walking past the yellow bricks, wearing the red banner, and living the life of a St. Mike's man. Special thanks go to my family for their love and support, to the administration and staff for their guidance and teaching of strength, discipline and knowledge. Finally I thank my friends for the countless memories (inside and outside of the office). I started a St. Mike's boy and leave a St. Mike's man.

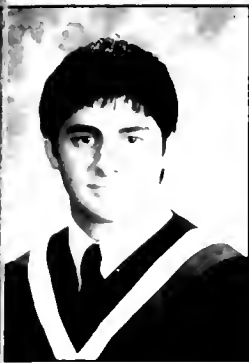

LUIGI CAPORUSSO

Grade 7 to Grade 12 it all happened too fast. The memories I have from this school will last forever. From the classrooms to the rink I will cherish every moment. The education I received from St. Mike's is great but it is the family that I developed that was even greater. I would like to give a special thanks to all of my teachers, coaches. It is an honor to be able to represent St. Michaels for the rest of my life. My family, Staff, Bawes, Margh, Morry, Nordzie, thanks for giving me a ride of a lifetime.

GRADUATION

ALESSANDRO CAPPA

Wow. I can't believe my high school years are already over. The past four years at St. Mike's have been the best years of my life. I have learned that St. Mike's is not only about academics but also about building friendships through sports and activities. My experiences from St. Mike's have definitely shaped me into a St. Michael's man. I could not have accomplished what I have without my family, friends, and teachers. They have taught me lessons that I will cherish for the rest of my life. Thanks SMC. GOD BLESS.

ADAM CAPPABIANCO

It's been a long journey, but I have reached the end of the road. I have learned so much from my friends and teachers, and I am grateful for the experiences I have had. I will miss the yellow brick walls of St. Mike's, but I know that the memories will stay with me forever. I am proud to be a graduate of St. Mike's and to be a part of the legacy. Cheers to my parents, friends, and everyone who helped me along the way. Gold for always, keep your chin up.

STEFAN CAPUTO

At some point in my life, 4 years will pass by and I won't even know it. The same cannot be said for the four years I've had at St. Mike's, because it will be impossible for me to forget the people in this community either. These past four years have been branded permanently in my brain and I'm thankful for the four years St. Mike's has provided me with. Thank you mom and dad for forking over all the dough and thank you St. Mike's for setting me up to make a difference in my life and in other people's lives too.

JOHN CENGARLE

Palahniuk once said, "We all die. The goal isn't to live forever; the goal is to create something that will." St. Mike's is so much more than just a school. I have spent the past four years becoming a brick in the yellow walls of SMC. Even though my chapters there are written, the stories of St. Michael's will carry on forever, and I am thankful to be a part of the legacy. Cheers to my parents, friends, and everyone who helped me along the way. Gold for always, keep your chin up.

TIMOTHY CHANDLER

It's been 4 years at this school, and my time here is finally up. Before I leave I just want to thank all those that helped me pull through especially this year, since it is my most important year. I want to thank my family who has helped me throughout these years. I also want to thank my friends who have helped me whenever I needed them most. I will never forget my experiences at this school, and will cherish the memories. THANKS ALL!!

PAUL CHEPESIUK

MICHAEL CIPPARRONE

St. Mike's has been my home since 2001 and now it is time for me to move on from these yellow brick walls. I will always carry with me the valuable experiences that have made me a true "St. Mike's Man". I have met many incredible people on this journey (you all know who you are, thank to Firing!) that have helped me along the way to become who I am now. I'll never forget study, homework, cottage, and all the fun we've had in here boys! From basketball to the gym, to the football games, and even down to the classes I'm going to miss St. Mike's! I will never stop bleeding Double Blue!!

MATTHEW CLUNE

I will always remember... the boys, the teachers, the bullies, the buzz, and the double blue forever. Thanks to much to my amazing family, friends, teachers, teammates and coaches who have taught me to always battle through it all. It has been an amazing ride here boys and I'm sad to see it go but we'll always have what we have - the double blue and the BW's. Just like Mike sang back in 68 "You Can't always get what you want, but if you try sometimes you might find you get what you need..." Cheers Boys.

ERIC CONTARDI

It's been a long journey, but I have reached the end of the road. I have learned so much from my friends and teachers, and I am grateful for the experiences I have had. Cheers to my parents, friends, and everyone who helped me along the way. Gold for always, keep your chin up.

ANDREW CORSO

Wow attempting to describe the best six years of my life in under 125 words is a tall order. I cannot begin to describe the pride I am filled with to truly say that I am a Saint Michael's Man. The spirit of the community is unbelievable. St. Mike's spirit is everywhere. It was with us battling for the fifth Merit bowl title in the Skydome. It was with there when Fr. Murphy won the karaoke competition on the music cruise all the shores of California. It is present with every chant and every cheer uttered by a Saint Michael's Man past and present. We did it boys! We finally know what it's like to bleed double blue.

JOSEPH CORTELLUCCI

I've lived these past 4 years with no regrets. It's been a blast. This place is a part of me. I'll remember everything, your all beauties, but probably not as much as Gabe. Later Baby.

BRIAN COUSINEAU

It has been 6 years since I started at St. Mike's, and it's hard to believe now that I'm graduating from the school that has given me so much. As I go I would just like to say thank you to all my teachers over the years that have helped me grow into the St. Michael's man. Thank you for the amazing times and great memories. It has been the best 6 years of my life.

DOMENIC CRIGNANO

JOAO Da FONSECA

I would like to thank my parents and brother for all of their moral and financial support, and to any one else who helped me along the way through these six years. I would also like to thank St. Mike's and all its staff for helping to make me a better person, and I can't imagine what life would be like had I never attended this school. I've met many great people, and many not so great, but in any event I will always remember everyone that has had an influence in my life. I leave St. Mike's with no regrets, and with a future of endless possibility ahead of me.

Firstly, I would like to thank mamma for facing the bill. ADOOOO - A great education - BMW. In hindsight I would have just taken the bus - just kidding. Thanks to Jesus (Chris) for the perpetual strength to overcome the weight of the world on my shoulder. After 4 years of SMC it's almost like a hew - you can never have too many tests on the same day/week. In closing, this is what I have learned. Breaking glasses never gets old. You can always give. Never ever shut her down and an action that is unfair is not unfair - it's actually "golden". Upret had piece de pain. Goodbye yellow brick walls. Thank you SMC. The Filipino sensation has left the building - peace!

GAETANO De LUCA

To my friends, teachers, coaches, and friends, thank you all for making these 4 years enjoyable and worthwhile. After these 4 years at St. Michael's, I am proud to call myself a St. Mike's man.

As four of the most challenging and rewarding years of my life come to end I want to thank St. Mike's for being one of the greatest experiences of my life. From my great friends to the amazing teachers and coaches who have helped me along the way. I will always think of St. Mike's as a home away from home. I want to thank my parents for their endless support in my countless endeavors. I'll never forget the all the good times. Metroland '06, random security guards at Yanga and Bloor, popping tires in Chemistry, Track and XC. I am proud to say that I am a St. Michael's Man.

MICHAEL Di LENA

It's hard to believe that my years at St. Mike's have ended. Through all my experiences, St. Mike's has transformed me into a new person. Double blue now flows through my veins, and the mark of the Basilians is unprinted on my heart. Thanks to all that have made St. Mike's so memorable. To my family for the opportunity and their continuous support. To all friends and teachers, the memories will not be forgotten. To the Kerry Blues who fought fearlessly beside me through 2 Metroland titles and teaching me that football goes way beyond the field. I will always remember. Expect to win. The journey is over, but another begins, and I'll always be a St. Mike's Man.

JOSEPH Di FONZO

RICHARD Di LENA

Well boys, it's over. It's been a fast six years in these yellow brick halls - an experience I will never forget. Love and thank to the teachers, Basilian fathers and coaches for helping me become a St. Mike's Man and athlete. My friends for making this experience memorable and finally my parents and sister for their heartfelt support and encouragement. I will never forget the Kerry Blues. All Coaches, Players and Family that had fought alongside me during the triumphs and heartache, practices and injuries, and two Metroland Championships. I will FOREVER bleed double blue and always remember boys. Let Nothing Or No One Deter You From Rising Above. The Rest - Ribs. Thanks for the memories.

I want to thank my parents and my family for giving me the opportunity to attend St. Mike's and for supporting and helping me along the way. Shout out to all the boys, you guys know who you are, for making these past four years unforgettable. Special shout out to Maggie, born '05 Jay's, born '06 Metro Bowl Dave, Cotty, '07 Pelchy's, born/Murphy's, '07 and ASHL. "The dictionary is the only place that success comes before work. Never did I realize how fast my time in these yellow walls was coming to an end. Metro bowl '06 was the most unreal Thursday night. If I have learned anything over these four years it is this, good byes are always painful, pictures can never replace the moments, memories, good or bad, will bring tears to your eyes, and words can never replace your feelings. I would like to thank my parents, brothers and all of my teachers for their support and for giving me the chance to attend such an amazing school. As our time at this school comes to an end I say to you "Don't take life too seriously you'll never get out alive."

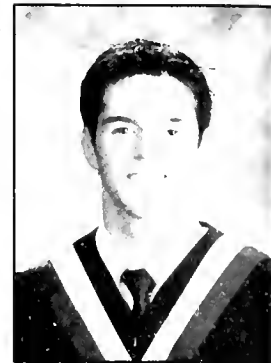

DUSTIN EKELMAN

TYLER FATA

Over the past four years St. Mike's has been a place full of great memories. This place gave me an excellent opportunity to see myself grow and succeed and with the help from my teachers and peers I have. I want to thank my parents for sending me to SMC and without them I never would have been able to. All good things come to an end and unfortunately my four years at SMC are at an end. The memories that I have made for myself within the yellow bricks of SMC will stay with me forever. I'll never forget the baseball duster's and all the beauties that I got to spend these four years with. Take it easy boys.

JAMES FAZARI

It's been a long 6 years at St. Mike's. The school has become a part of who I am. Walking down the halls of this great school for the last time on graduation might have been the hardest thing that I have done in the past 6 years. I would like to thank my parents and family for their continuous love and support. I'd also like to thank all the teachers for making St. Mike's the best place to go to school on earth. I'll never forget the Metro Bowl or the Spirit Rallies or the 5 spare in the dome or all the good times that I shared with all the wonderful people at this school. Let the Blue Blood Bleed on and the Spirit live Strong.

ROMAN FERUS

Four years at a school like St. Michael's tends to leave a few lasting impressions. The athletics at the school are second to none. St. Michael's is always the #1 team on the field/ice, from the senior football Metro Bowl championship in 2006 to the senior hockey OFSAA championship in 2005. The Double Blue was and always will be #1 to all the grads. Thanks for the memories, the good times and the bad. They led us to this point and I couldn't be happier. To the faculty, thank you for your time, effort and support. The academic and athletic successes of every graduate would not have been possible without your guidance. It's been 4 long years and we made it. Finally, SMC Forever.

DOMENIC FIGLIANO

Well, the wild ride is finally over, first I would like to thank my parents for giving me the opportunity to come to SMC. Next I would like to thank all of my friends for all the memories we have had over the last 6 years. From buzz games, to dances, to Diego's basement we have had a wild ride. I don't know how the next 6 years of my life will top the last 6.

MATTHEW FITZGIBBONS

I would like to thank my parents, coaches, and teachers for making my six years at St. Mike's such a memorable experience. The opportunity to wear the M for Lacrosse and St. Mike's will go down as one of my greatest high school accomplishments. To the faculty, you guys know who you are. Fly #7.

TYLER FORBES

ANDREW FORGIONE

Sure I can say things like "I came to St. Mike's a scared boy and left a confident man," but that would be an understatement. I guess I could say, "upon leaving St. Mike's I know one thing for certain, St. Mike's map are already a step ahead of everyone else, and good luck trying to catch us", but that would be honest. I presume I could never be a heart surgeon because all I would see in "blue blood" and confirm wisdom with veins, but that would be untruthful. As a boy, I used to be scared of change, but now through these yellow bricks I welcome it, as a man, as St. Michael's man. Thank You.

ALESSANDRO FRANCELLA

As I look back on these past six years only one word comes to mind: unforgettable. All the practices, games, and championships will never be forgotten. Matriebowl '06 '18 '0 will ring in my heart forever. All the times in and out of the class have shaped me into the man that I have become. I want to truly thank all the teachers, coaches, and Basilian Fathers for your guidance and knowledge throughout our years. Mom, Dad, and Mike, without your wisdom and support I don't know how I would have made it. Thank you and I love you. Finally to all my friends, teammates, and Kerry Blues, the memories and friendships we've created over the past six years will last a lifetime and I'll never forget them. Thank you we've made it. We are true St. Michael's men. The baby blue blood will flow through me forever.

PIETRO GAGLIARDI

MATTHEW GALATI

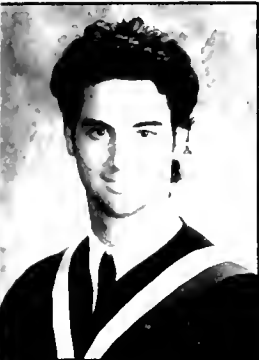

The past 4 years at St. Michael's College have had an everlasting effect on me as an individual. I came to St. Mike's in grade nine not knowing what to expect and frankly I had trouble adjusting to an all boys' Catholic school with such school spirit. In the years that followed I slowly began to embrace the school as it molded me into a true St. Michael's man of integrity, academics, athletics, and of course pride in wearing the blue crest, and yet we know how to really party. Work hard, play hard, right boys? If I could go back I would not change anything. I would really like to thank all my friends and teachers for making my St. Michael's experience such a great one and most importantly my parents for giving me the opportunity and helping me realize that St. Mike's was the school for me. No matter where I go or what I do St. Mike's will always be apart of me, standing by me and all of us to "defend us in this day of battle" and yes, I DO BLEED DOUBLE BLUE!!!

ALEXANDER GALLI

Well, see ya later

PAUL GALLO

DANIEL GARCIA

First and foremost, I would like to thank God for blessing me with the skills and talents that have helped in achieving my accomplishments. Secondly, I would like to thank my parents for allowing me the privilege of attending St. Michael's. Also, many thanks for their continual support through times of difficulty. I will always remember orientation day and the first week of Grade 9 classes where we entered St. Michael's as boys, and years later, with many life lessons learned, we truly leave as St. Michael's Men. The school has successfully provided a balance between faith, academics, and sports, providing an environment where the school's motto of "Teach Me, Godness, Discipline, and Knowledge" can flourish. Thank you once again to all and God Bless.

GRANT GONZALES

An inspiring four years of secondary education. There are and will continue to be some of the most memorable times of my life. The great friends here and the great teachers I have had the privilege to learn from, you have my most sincere gratitude for your impact on my life. The Basilian Fathers, who have given me the opportunity for a St. Michael's education, thank you. Finally, my family, for their strong support, I love you all. To all St. Michael's men, good luck in your pursuit of higher education and in your future endeavors. Remember to make a difference for your families and communities as they have done the same for us. Together, let's change the world we live in and never forget the foundation St. Michael's has given us. Truly awesome.

PETER-ELI GONZALES

"I walked in a boy and now 4 years have passed. Many things I've learned and memories I've formed. I'll always remember the Holyday Choir and Scholas and in 70 years, my blood will still bleed double blue."

DANIEL GRBAC

Looking back at these 4 years, it's been a blast! I will never forget all the memories during my time at St. Mike's, which I will cherish forever. I would like to thank my teachers, the Basilian Fathers, and my friends who have inspired me and who have made these years truly wonderful. My experiences have allowed me to mature and to value what is important in life. I would also like to take this opportunity to thank my parents, with sincere gratitude, for everything they have done for me. Special thanks go out to the rest of my family.

"Live life to its fullest!"

JUSTIN GREGORIS

Wow... words cannot describe my St. Mike's experience, but the one word that sums the past 4 years of my life is: Fulfillment. Thanks to my family who supported me through the years of growing up into a St. Michael's man. Yes St. Mike's guys shared as friends and acted as brothers. The memories will never be forgotten. "Acc-Bus, P-Rooms, double wing, you did this boy!" have emotional memories sitting outside their classrooms!!!!!! If anyone, C-ESS, T-ESS, G-ESS, J-ESS, I wish I was an even more intense, all-around, super star, basketball, and best but definitely not last!!! IT WAS KALI!!

my time here is done... V-S2 Jay Goodrich signing out

ALEXANDER GRELLA

In the beginning I was having doubts and regrets as to whether or not I made the right decision attending St. Mike's. These past four years have gone by so quickly and as time has passed I now know that I made the right decision. I would like to thank my parents, teachers and friends for the unforgettable experience and great memories. I will never forget where I came from.

ANDREW GRYGUC

JEFFREY GRYGUC

GIANFRANCO GUIDA

6 of the most memorable years of my life, no questions asked. It feels like yesterday, walking into the school as a grade seven, but now I walk out as a St. Michael's graduate. St. Michael's has made me into the man that I have become. You don't go to SMC to make friends, you become brothers. I thank my parents for this great opportunity and I hope this school never changes.

"So much has come before these battles lost and won. This life is shining more forever in the sun." RHCP. Thanks to my family, teachers, and coaches who helped me get through my six years at St. Mike's, and to the boys who've made them memorable, especially the Loblaws/Doners champs, XC and track guys, and anyone who figured out that pepping hres was very typical! Thanks for the memories boys. Wherever I end up, I know that I will always bleed double blue!

JOSEPH HO

The past four years at St. Mike's have flown by so quickly. It's been an amazing experience and has given me many of my most cherished memories. From the work, to the teachers, and friends, St. Mike's has been nothing short of a blast. Huge thanks go out to my parents, who have supported me through out this journey, teachers who have had to endure me for these years, and lastly, my friends who have made these four years so amazing. I will never forget all the great memories and friendships that these yellow brick hallways have blessed me with. I am proud to be a St. Michael's man and will forever bleed double blue.

Special thanks to my buddies Tom, Don, Curtis, Alex, Algis, Francisco, Sam, JOHNNY MAC, and anyone else who I'm leaving out right now. It's late, and maybe next time you should think about having easier names. Oh yeah! Great! Thanks Grant. Grateful thanks also to Mr. Boudewijs, Mrs. McCortey, Madame McDougall (3 years in a row!) and of course, Mr. Barry. What can I say about St. Mike's? As time went on I realized how much fun how many memories and all the friends which were found just living a St Michael's life. All the times Stef said he didn't study for a test and got 100% or all the times Little Pauly would tell his stories on the bus or Cam's and my essays for grade 11 history that were completed in 20 minutes max. Although Young V came to the group later I think AJ Jax Santa and I made him feel like part of the group. This school really changed my life made me understand the importance of what a brotherhood was all about. I M OUT

Well we finally made it. You ran for us out of St. Mike's but we'll carry our experiences around wherever we go. I want to thank my teachers that helped me out my friends who turned what could've been a miserable time into a great experience and my family who got me through the tough times. I'm not too sure where I'll end up but I'll always remember these yellow brick halls and the times we had. I think Bruce Springsteen said it best "And I hope when I get old I don't sit around thinking about it"

6 years I came to St. Mike's as a wide eyed kid and I am leaving a proper young man. I would like to thank my coaches and family for all the support. Four years four years have gone by since I came to this school and I don't regret a single day. St. Mike's will always have a special place in my heart, it has given me things no other school could. I entered St. Mike's as a boy and I leave it as a man ready for the world. I'll never forget everything for the school has done for me, whether it is learning about religion with Fulton, understanding the Marxist view of the French Revolution with Barry or just being glad to be at school with my friends. MOST importantly I will miss all my peers with whom I had the honour of spending the best four years of my life with.

WALKER KITCHENS

Six years of my life have been at St. Mike's. I believe I have grown to become a better person through the school. Thank you my family, friends (lunch association) and teachers, especially the history department for helping to get through the year. I will never forget the experiences I had at this school. Good bye and thank you.

What do you call 6 years devoted to a life at St Mike's? I call it Time well spent. So six years later and now it's come to an end. These past six years of my life have been life changing. I still remember first stepping into the walls to take the entrance exam. wow that was some time ago. I am glad I made the decision to come to this school, probably the best of my life so far. loved being around all the boys for the past 6 years. love them all like brothers. Gulli and team X, Murph, Cluney, JT, Capp, Riley, Mo, Mikolaj, Waisry, Magg, Nice, Farbes. and a whole lot more of the boys, we have all had great times over our past years at St Mike's. Missed everyone for a couple months during my last year but eventually came back and "cellied" huge with everyone and finally got that diploma. Thanks to all my teachers, rail, lee, z money, pagana and all the rest, you guys were unreal and last but not least "Chits", all in all great guy means well, never seen anyone love the game of hockey as much as you do, thanks for the yent as a "double blue" I will definitely miss everything about St Mike's.
The road to success is always under construction.

I need to thank God, my parents, family, friends and men and women of the SMC community who have helped me mature into the man I am.
I will always be proud of Kerry Blues Football, and the coaches, players and fans that have fought along my side during all of the practices, games, injuries, cheers and championships.
I will remember to "Let Nothing or No one Deter You from Rising Above the Rest" - FR
I will never forget Metabowl Championships in '04 and '06.
I will forever appreciate the friends who have been with me every step of the way the last 4 years, and have made this an experience that will last a lifetime.

My 4 years at St. Mike's have been the four best years of my life, and if I could press rewind and do it all over again, I would for sure. So many things have made my time here so great, 2 Matchbooks, great friends, great teachers, great coaches, the Go Train crew, all those lunches and games in the Computer Lab are all such a memory of their own. Thanks to everybody who was apart of my time at St. Mike's, you guys made my time inside the yellow bricks a memorable one. See you all down the road boys, and always Bleed Double Blue.

Things I will never forget: the conspiracy theories in Mr. Burdick's class, the relationships destroyed by Mr. Barry, the relaxed Chemistry classes with Mr. Tuckman, and the best two year stint of Dr. Badowski. These things and many more are what defined my stay at St. Mike's and I will never forget my DOUBLE BLUE PRIDE!!

MARC JOSEPH MAGGISANO

I came to St. Mike's an awkward and unsure newbie and I now leave as a proud and outgoing vet who's ready for the show. Big thanks to my great family: Carri, Big Glenn, Vanessa, and Spina for their unconditional love and support. I've grown to love SMC, the spirit, the cheers and...the boys, you know who you are. We live for the Friday night Buzz games, the pre games, and those nights that I'll never remember with the friends I'll never forget. meaning of goodness

My time at St. Mike's was the best time of my life. The time I spent at this school helped me grow and mature into the person I am and will continue to be for the rest of my life. I will never forget the countless memories I have made. Many grad students will say generally the same thing: how hard it will be to leave. For a time, move on, we must think to the future, and the success we will move on to. Thanks to everyone who made this time special: my friends, my teachers, and my family. As I leave, I truly believe that I have learned the meaning of goodness, discipline, and knowledge.

I would like to thank my teachers, all my friends, and my family for all their love and support over these years. I feel like I have truly grown and feel St. Mike's has shaped me into the man I am today. I will always remember the SMC Mustangs soccer team, and all the performing opportunities. It has been a memorable 6 years at St. Mike's. I would first off like to thank my parents for giving me the opportunity to attend this great school and for supporting me throughout the years. I would like to thank my teachers and the soccer coaches their knowledge and encouragement. I would like to give a shout out to all the guys from T-dot Woodbridge, and Richmond Hill who have made my high school experience an unforgettable one. There are lots of memories that I will cherish the rest of my life, most notably Conner 07 (Ballin). St. Mike's isn't all about books it's about standing up and pursuing your dreams. In my two years at St. Michael's college high school I have learned the importance of discipline and family. The school is one big community in which everyone strives for goodness and success. This community is what has made me a successful student athlete in the school throughout the year. It has been an honor to win the metro bowl in my final year at the school. The after school programs, the teachers, and the friends I have made will be in my heart forever. I don't know how I will ever be able to repay the school for what it has done for me and my family. Well 6 years r. up and it's finally over. I believe some thanks are in order. First, thanks to my grandparents for giving me the opportunity to go to St. Mike's. Thanks to my parents and family whose unconditional support got me through the good and the bad. Thanks to my girlfriend Liz for bringing out the best in me. Thanks to my friends for making the time in and out of school so great. Thanks to the teachers who rose above just educating to inspire. Thanks to anyone even remotely involved in getting me to where I am today because I'm quite sure it was an impossible goal to achieve alone. My experiences to this point have been beyond what I can put into words and I have nothing inspiring to end with. So I'll just say that it's been great and I look forward to what's to come.

Arriving at St. Mike's as a rookie in Grade 7 I didn't know what to expect. I must admit I was a little rattled. Graduating as a 6 year seasoned vet, there are so many treasured memories that 125 words cannot explain, but I think I'm ready to take this show on the road! Thanks to my parents for giving me the opportunity to attend such an unbelievable school. I'd also like to thank all of my teachers, coaches, and the Basilian Fathers for their leadership and guidance. "Six years have come and gone so quickly, it's hard to summarize it in 125 words. Coming here as a young grade seven, I never thought I'd see my graduation day. Thank you to all my football coaches for your time on and off the field. I am extremely proud of my time as a Kerry Blue for four years winning two Metro Bowls and three CISAA championships, posting an overall record of 41-3. Thanks to all my great friends, you know who you are, for making my time here bearable. I'll always bleed double blue, and be a Kerry Blue forever. I'll cherish my time within these yellow walls which formed me into the St. Mike's man I am today."

Wow, I can't believe these four years have come and gone so quickly. This has truly been the greatest time of my life. St. Mike's isn't just a school, it's a way of life and we have grown to be better individuals through our time here. Greatest memories include 2 Metro Bowls, 5 championships, driving classes with Dougie, shynny in Gr. 11, and all the nights out with the boys. Words can't explain everything! Whether you end up at U of T, Western, or Laurier, or McGill, don't forget to live life to the fullest and that you'll ALWAYS BLEED DOUBLE BLUE! MATTHEW VALERIANI

ALEXEI VAN PETEGHEM

Nothing can compare to the experiences I have encountered while attending St. Mike's. I have spent nearly half of my school life here and honestly, there is nowhere else. I'd rather live from the first year with Mr. Miller & Dr. Piro to Fr. Zenger and Fr. Doyle. I have learned a lot with regards to knowledge and also myself. Coming out of St. Mike's, I can see that I came in as a boy but left as a man. Outlets help in grade 8 hockey games, to good things. I've had an awesome time at this school, gotta say thanks to the teachers who believed in me even when I didn't believe in myself. Thanks for the memories."

SHAWN VECCHIATO

MICHAEL VENTURA

ADRIAN VIENI

6 years have gone by instantly. How can I summarize it in so few words? Basement dwelling, song singing, screen printing, snow boarding, positivity, integrity, meaning. No matter what it is you do, finish strong.

DAM WEIERS

Thanks to my family and friends for their support during my time at the school. The hardest thing in life is knowing what and who you are and trying to show other people. St. Mike's gave me this opportunity everyday. If I was to sum up all my experiences over the past four years in one sentence it would be this: We took care of business.

BRYAN WELCH

Never forget who you are or where you've come from. I've been a St. Mike's man for 6 years and I know I will never forget this experience. Thanks to my friends (good times), teachers and parents who all supported me along the way. Always bleed double blue boys.

ASON YIP

Well, it has been a tough 4 years, but I have finally made it. There have been hard times, but also many good ones. I am grateful that I had the opportunity to go to St. Mike's and I would like to thank my parents, my teachers, and especially God. I could never have survived without any of them. Thank you all.

VASILY ZADOROJNYI

PHILLIP ZAMPINI

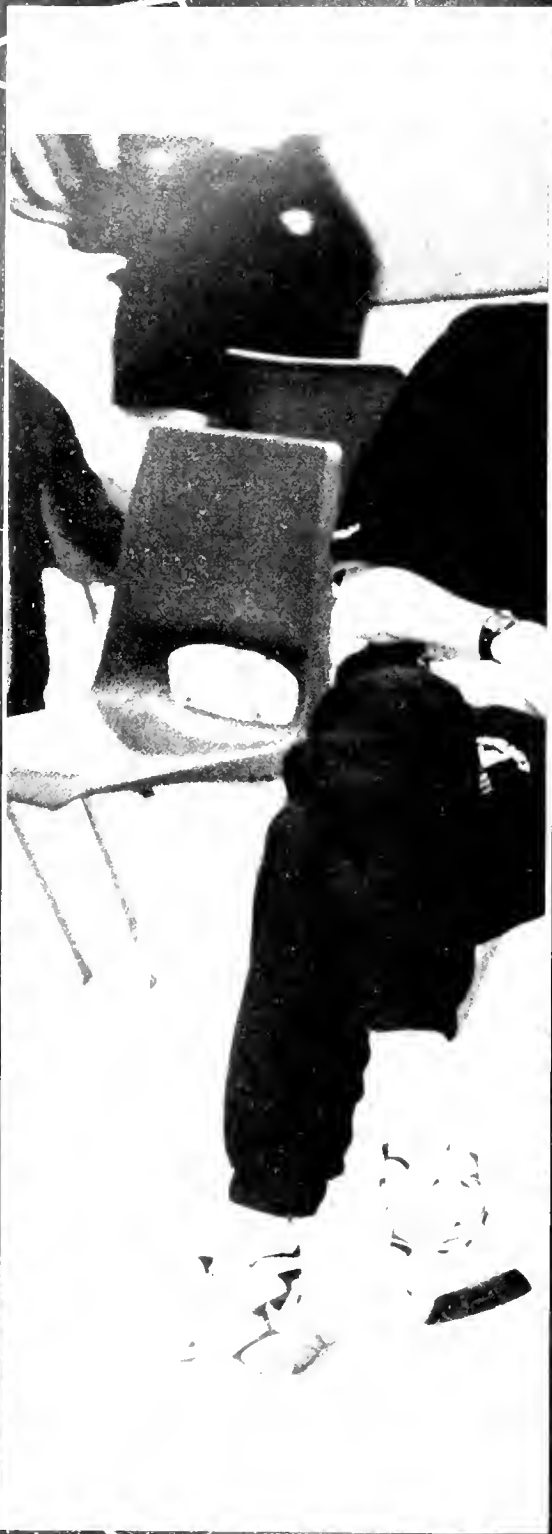

So my 6 years have come to an end. It's incredible how time flies. I would like to thank my parents for giving up their \$70,000 for me to be able to attend this fine establishment. I would also like to thank my brother for being there to help me through my first couple years at St. Mike's. Last but not least, I would like to thank the school for shaping me from a child into an adult.
